GAS

GAS

La serie GAS, allegra ed eclettica, rappresenta il racconto di una nuova eleganza industrial che nasce dall'accostamento bilanciato di finiture ricercate e suggestive. Il dettaglio delle maniglie, che richiamano le tipiche valvole a gas, rende questa serie inusuale e ironica, conferendole un'estetica originale e marcatamente moderna.

The GAS series, cheerful and eclectic, represents the story of a new industrial elegance that arises from the balanced combination of refined and suggestive finishes. The detail of the handles, which recall the typical gas valves, makes this series unusual and ironic, giving it an original and markedly modern aesthetic.
