AURA

AURA

Ci sono forme che si osservano e altre che esercitano un'attrazione naturale. È da questa idea di presenza, fascino e luce che nasce AURA, una presenza che va oltre la forma: un equilibrio di linee, luce e proporzioni capace di catturare lo sguardo con naturalezza.
Some forms are simply observed. Others have a natural power of attraction. It is from this idea of presence, allure and light that AURA was born, a presence that goes beyond form: a balance of lines, light and proportions, naturally designed to draw the eye.
